

# CARDIOLOGY WORLD CONFERENCE

OCTOBER 24-25, 2019  
TOKYO, JAPAN

CONFERENCE  
PROGRAM

Theme:  
Advances in Cardiology:  
Research and Innovations

Radisson Hotel Narita  
286-0221 Chiba Tomisato-shi Nakaei 650-35  
Japan

CWC 2019

## Day 1: October 24, 2019 (Thursday) @ Kacho Ball Room- B

08:00-08:40 Registrations

Moderator **Veena Raizada**, University of New Mexico Health Science Center, USA

08:40-09:00 Introduction

### Keynote Presentations

09:00-09:40 Title: **Oral pathogens, CVD and home oral care: Critical links in the prevention of heart disease**

James L. Ratcliff, Rowpar Pharmaceuticals, North America

09:40-10:20 Title: **Coronary artery spasm: Pathogenesis, diagnosis and treatment**

John Horowitz, University of Adelaide, Australia

10:20-11:00 Title: **Biomarkers guided therapy for risk stratification and prognostication of patients treated for acute coronary syndrome**

Marija Vavlukis, Saints Cyril and Methodius University of Skopje, Republic of Macedonia

### GROUP PHOTO

11:00- 11:20 **Coffee Break** @ Foyer

11:20-12:00 Title: **TGF- $\beta$  signaling in smooth muscle differentiation and vascular remodeling**  
Shiyou Chen, University of Georgia, USA

12:00-12:40 Title: **Recanalization of the superior vena cava and it's tributaries in patients requiring chronic venous access or pacemaker insertion, techniques, tips and safety**  
Stephen Kee, UCLA Health, USA

### Oral Presentations

Sessions on: Heart Failure and Myocardial infarction | Echocardiography, Cardiac CT and MRI | Hypertension and Obesity | Pediatric and Congenital Cardiovascular Disease | Molecular and Cellular Cardiology

Session Chairs : James L. Ratcliff, Rowpar Pharmaceuticals, North America  
John Horowitz, University of Adelaide, Australia  
Stephen Kee, UCLA Health, USA

12:40-13:00 Title: **Ulnar access coronary artery intervention: Current scenerio**  
R.K. Gokhroo, JLN Medical College, India

13:00-14:00 **Lunch Break** @ Hotel Restaurant

14:00-14:20 Title: **Assessment of right ventricular systolic function by two dimensional echocardiography and longitudinal strain: Is right ventricular systolic function influenced by right atrial function?**  
Veena Raizada, University of New Mexico Health Science Center, USA

- 14:20-14:40 Title: Oral anti coagulation during pregnancy: Current scenario  
Kamla Gokhroo, Indian Society of Cardiology, India
- 14:40-15:00 Title: New aspects of regulation of cardiac action potential duration  
Peter P. Nanasi, University of Debrecen, Hungary
- 15:00-15:20 Title: ECMO past, present and future  
Cyril Jacob Chacko, Royal Wolverhampton NHS Trust, UK
- 15:20-15:40 Title: The role of mechanical circulatory support in advanced heart failure  
Zumrut Tuba Demirozu, Koc University Hospital, Turkey
- 15:40-16:00 Title: Electrocardiogram of the neonate and infant  
Konrad Brockmeier, University of Cologne, Germany
- 16:00-16:20 Title: Next generation sequencing in clinical diagnostics: Genetic testing, variant classification, and functional analysis  
Rick Kamps, Maastricht University, Netherlands
- 16:20-16:40 **Coffee Break** @ Foyer
- 16:40-17:00 Title: A novel biomarker for cardiovascular conditions  
Jian Guan, University of Auckland, New Zealand
- 17:00-17:20 Title: Unusual intracardiac mass beyond common sense  
Lianyi Wang, First Hospital of Tsinghua University, China
- 17:20-17:40 Title: Pharmaco invasive strategy for STEMI reperfusion in North African countries  
Walid Jomaa, Fattouma Bourguiba University Hospital, Tunisia
- 17:40-18:00 Title: Effect of endurance training conducted under hypoxia conditions, on change of exercise tolerance of patients after myocardial heart infarction (STEMI)- A pilot study  
Tomasz Gabrys, University of West Bohemia in Plzen, Czech Republic
- 18:00-18:20 Title: Relationship of glycemic status, arterial hypertension and macrovascular complications: Results of a multicenter cohort study  
Mekhman N Mamedov, National Research Center for Preventive Medicine, Russia
- 18:20-18:40 Title: A low cost, automatic, external defibrillator and pacemaker for home/office to prevent sudden cardiac death  
A. Teddy Weiss, Hadassah University Hospital, Israel

**END OF DAY 1**

## Day 2: October 25, 2019 (Friday) @ Kacho Ball Room- B

Moderator Rolf Nordmeier, Klinikum Frankfurt Main-Taunus, Germany

### Keynote Presentations

- 09:00-09:40 Title: Time to revisit timing in primary PCI for STEMI  
Richard Lim, University of Queensland, Australia
- 09:40-10:20 Title: Impact of allopurinol on endothelial function in diabetic patients affected with coronary artery disease: Results from the randomized alliance trial  
Marouane Boukhris, University of Tunis El Manar, Tunisia
- 10:20-11:00 Title: Establishment of a new prediction score in corporation with 0-hour/1-hour algorithm using high sensitivity troponin T suggest an optimal timing for coronary angiography in patients with chest pain  
Kenji Inoue, Juntendo University Nerima Hospital, Japan
- 11:00-11:20 **Coffee Break** @ Foyer
- 11:20-12:00 Title: Features of clinical and biochemical parameters, quality of life and prognosis of patients with CAD in combination with type-2 diabetes and COPD  
Mekhman N Mamedov, National Research Center for Preventive Medicine, Russia

### Oral Presentations

Sessions on: Circulation: Arrhythmia and Electrophysiology | Interventional cardiology and radiology | Microcirculation and inflammation | Cardiac Nursing: Acute and Chronic Cardiac Care | Cardiovascular Engineering and Technology | Neurology and Cardiology | Arteriosclerosis, Thrombosis, and Vascular Biology | Resuscitation and emergency infusions | Cardiovascular Diseases and Disorders | Stem Cell Research and Regeneration on Cardiology

Session Kenji Inoue, Juntendo University Nerima Hospital, Japan  
Chairs : Mekhman N Mamedov, National Research Center for Preventive Medicine, Russia

- 12:00-12:20 Title: Treatment of mild cognitive impairment due to alzheimer's disease or mild dementia of alzheimer's type: Design and rationale of the randomized pivotal study of renew TM NCP-5  
Patrick M. Moriarty, University of Kansas Medical Center, USA
- 12:20-12:40 Title: Music-paced physical activity improving physical activity level and cardiac risk factors among Chinese CHD patients with overweight or obesity  
Sek Ying Chair, The Chinese University of Hong Kong, China
- 12:40-13:00 Title: Improve upper extremity function following transradial PCI; Slender PCI and its potential benefits – improve study  
B.E. Scholzel, Amphia Hospital, Netherlands
- 13:00-14:00 **Lunch Break** @ Hotel Restaurant

- 14:00-14:20 Title: Electromagnetic blood flow in human body and initial factors of atherosclerosis  
Merab Beraia, F.Todua Medical Center, Georgia
- 14:20-14:40 Title: Anaesthesia in patients equipped with cardiac devices  
Rolf Nordmeier, Klinikum Frankfurt Main-Taunus, Germany
- 14:40-15:00 Title: Review of factors that affect survival during resuscitation, a retrospective study at National Heart Institute, Malaysia  
Rudy Wee, National Heart Institute, Malaysia
- 15:00-15:20 Title: Relationship of mean arterial pressure with other cardiac and biological factors  
Rabindra Nath Das, University of Burdwan, India
- 15:20-15:40 Title: Trans-catheter PFO closure; Clinical indications, technique and midterm follow up, case series  
Sahar El Shedoudy, Tanta university, Egypt
- 15:40-16:00 Title: Premature and accelerated atherosclerosis in an undiagnosed takayasu arteritis: A case report  
Lorielle Marie E. Galvez, Cardinal Santos Medical Center, Philippines
- 16:00-16:20 **Coffee Break** @ Foyer
- 16:20-16:40 Title: Association of irregular intake of antihypertensive drugs and socio demographic trend with risk of stroke  
Mohammad Zaid Hossain, Dhaka Medical College, Bangladesh
- 16:40-17:00 Title: New paradigm in pharmacological management of serum potassium levels in acute coronary syndrome: Which cut-off is optimal and safe?  
Jeffri Gunawan, National Cipto Mangunkusumo State Hospital, Universitas Indonesia, Indonesia
- 17:00-17:20 Title: Post conditioning with lactate enriched blood for preventing myocardial reperfusion injury  
Takashi Koyama, Saitama Municipal Hospital, Japan
- 17:20-17:40 Title: Effects of a theory-based educational intervention on healthy behaviors among overweight or obese post-menopausal women  
Sek Ying Chair, The Chinese University of Hong Kong, China
- 17:40-18:00 Title: Experience of complex high risk PCI cases in tertiary level referral center in north India: It's time to look beyond syntax score  
Neeraj Chaturvedi, SMS Medical College, India
- 18:00-18:20 Title: Patient specific iPSC disease model identified the pathogenesis of Loews-Dietz Syndrome  
Kui Hu, Guizhou Provincial People's Hospital, China

- 18:20-18:40 Title: Acute pulmonary thromboembolism in a patient with primary pulmonary hypertension:  
A diagnostic challenge  
Bilal Bin Abdullah, Al Ameen Medical College and Hospital, India

## Video Presentation

- CWCVP- 01 Title: Hypertension and myocardial infarction risk from inhalation of iron brake particulate matter  
William J. Rowe, Medical University of Ohio at Toledo, United States

## 16:00-17:00 Poster Presentations

@ Foyer

- CWCPP- 001 Title: Echocardiographic assessment of left ventricular filling pressures using data from invasive left ventricular filling pressures in patients with normal left ventricular ejection fraction  
Zhang fen, Affiliated Hospital of Jiangsu University, China
- CWCPP- 002 Title: Acute limb ischemia: A case report  
Hsiu Yu Lai, Chimei Medical Center, Taiwan
- CWCPP- 003 Title: Current paradigm on how to approach atrial flutter in young population with no identifiable coronary risk factors  
Jeffri Gunawan, National Cipto Mangunkusumo State Hospital, Universitas Indonesia, Indonesia

## E-Poster Presentations

- CWCEP- 01 Title: Vaccine against *S. pyogenes*  
Luiza Guilherme, University of Sao Paulo, Brazil
- CWCEP- 02 Title: Asymmetrical dimethylarginine in uncontrolled arterial hypertension  
Dinara Natkina, Sechenov University, Russia

## End Note

*We wish to meet you again at*

---
