

TENTATIVE
PROGRAM

Cardiology World Conference

OCTOBER 24-25, 2019
TOKYO, JAPAN

*Theme: Advances in Cardiology: Research and
Innovations*

<https://cardiologyworldconference.com/>

Keynote Presentations

Title: Lifestyle management in cardiovascular prevention

Iveta Mintale, P. Stradins Clinical University Hospital, Latvian University, Latvia

Title: Coronary artery spasm: Pathogenesis, diagnosis and treatment

John Horowitz, University of Adelaide, Australia

Title: Role of myocardial perfusion imaging in the diagnosis of coronary artery disease

Karan Peepre, All India Institute of Medical Sciences, Raipur, India

Title: Establishment of a new prediction score in corporation with 0-hour/ 1-hour algorithm using high sensitivity troponin T suggest an optimal timing for coronary angiography in patients with chest pain

Kenji Inoue, Juntendo University Nerima Hospital, Japan

Title: Biomarkers guided therapy for risk stratification and prognostication of patients treated for acute coronary syndrome

Marija Vavlukis, Saints Cyril and Methodius University of Skopje, Republic of Macedonia

Title: Impact of allopurinol on endothelial function in diabetic patients affected with coronary artery disease: Results from the randomized alliance trial

Marouane Boukhris, University of Tunis El Manar, Tunisia

Title: Features of clinical and biochemical parameters, quality of life and prognosis of patients with CAD in combination with type 2 diabetes and COPD

Mekhman N Mamedov, National Research Center for Preventive Medicine, Russia

Title: What is new in heart failure?

Naresh Ranjith, University of KwaZulu-Natal, South Africa

Title: Time to revisit timing in primary PCI for STEMI

Richard Lim, The University of Queensland, Australia

Title: Recanalization of the superior vena cava and it's tributaries in patients requiring chronic venous access or pacemaker insertion, techniques, tips, and safety

Stephen Kee, UCLA Health, USA

Title: Novel Approaches for endogenous heart repair

Tamer M A Mohamed, University of Louisville, USA

Title: Atrial fibrillation ablation: Where do we stand now?

Zoltan Csanadi, University of Debrecen, Hungary

Oral Presentations

Title: A novel biomarker for cardiovascular conditions

Jian Guan, University of Auckland, New Zealand

Title: Treatment of mild cognitive impairment due to alzheimer's disease or mild dementia of alzheimer's type: Design and rationale of the randomized pivotal study of renew TM NCP-5

Patrick M. Moriarty, University of Kansas Medical Center, Kansas City, KS, USA

Title: Relationship of glycemic status, arterial hypertension and macrovascular complications: Results of a multicenter cohort study

Mekhman N Mamedov, National Research Center for Preventive Medicine, Russia

Title: New paradigm in pharmacological management of serum potassium levels in acute coronary syndrome: Which cut-off is optimal and safe?

Jeffri Gunawan, National Cipto Mangunkusumo State Hospital, Universitas Indonesia, Indonesia

Title: New aspects of regulation of cardiac action potential duration

Peter P. Nanasi, University of Debrecen, Hungary

Title: A low-cost, automatic, external defibrillator and pacemaker for home/office to prevent sudden cardiac death

A. Teddy Weiss, Hadassah University Hospital, Israel

Title: Direct evidence of viral infection and mitochondrial alterations in the brain of fetuses at high risk for schizophrenia

Segundo Mesa Castillo, Psychiatric Hospital of Havana, Cuba

Title: Electrocardiogram of the neonate and infant

Konrad Brockmeier, University of Cologne, Germany

Title: Clinical outcomes of valve sparing root replacement in patients with Annuloaortic ectasia

Jae Won Lee, Asan Medical Center, University of Ulsan College of Medicine, South Korea

Title: Innovations and alternatives for MRI in patients with implanted cardiac devices

Christoph Schukro, Medical University of Vienna, Austria

Title: Young ST-elevation MI: Profile and outcome

Vivek Kumar, Max Super Speciality Hospital, Saket , New Delhi, India

Title: Unusual intracardiac mass beyond common sense

Lianyi Wang, First Hospital of Tsinghua University, China

Title: Effect of endurance training conducted under hypoxia conditions, on change of exercise tolerance of patients after myocardial heart infarction (STEMI) - A pilot study

Tomasz Gabrys, University of West Bohemia In Plzen, Czech Republic

Title: Trans-catheter PFO Closure; clinical indications, technique and midterm follow up, case series

Sahar El Shedoudy, Tanta University, Egypt

Title: Premature and accelerated atherosclerosis in an undiagnosed takayasu arteritis: A case report

Lorielle Marie E. Galvez, Cardinal Santos Medical Center, Philippines

Title: Obstructive sleep apnea and arrhythmias

Raffaele Maio, Campus Universitario di Germaneto, Italy

Title: Out of hospital cardiac arrest in North Emirates (UAE)

Saad AlQahtani, United Arab Emirates

Title: Investigating a role for smooth muscle thymosin β 4 in vascular protection

Rachel Davies, University of Oxford, United Kingdom

Title: Diagnostic and interventional coronary procedures using distal radial artery in anatomical snuff box: Initial experience at our center

Fraz Ahmad, Army Cardiac Centre, Lahore

Title: Volumetric overload shocks in the patho-etiology of the transurethral resection prostatectomy syndrome and acute dilution hyponatraemia

Ahmed N. Ghanem, Mansoura University, Egyptww

Speaker Slots Available

Video Presentation

Title: Hypertension and myocardial infarction risk from inhalation of iron brake particulate matter

William J. Rowe, Medical University of Ohio at Toledo, United States

Poster Presentations

Title: Tribological and electrical properties of diamond-like carbon films deposited by filtered vacuum arc method for medical guidewire application

Ki-Noh Kang, Masan University, South Korea

Title: Current paradigm on how to approach atrial flutter in young population with no identifiable coronary risk factors

Jeffri Gunawan, National Cipto Mangunkusumo State Hospital, Universitas Indonesia, Indonesia

Title: Predictors of maintenance of normal sinus rhythm after successful electrical cardioversion

Ljilja Music, Clinical Center of Montenegro, Montenegro

Title: Transient and permanent CIED malfunctions during oncologic radiotherapy: A prospective, randomized, blinded, in-vitro evaluation

Enrico Di Girolamo, SS. Annunziata Hospital Chieti, Italy

Title: Acute limb ischemia: A case report

Hsiu Yu Lai, Chimei Medical Center, China

Title: Case report of 23 years old female with atrioventricular nodal re-entry tachycardia (AVNRT)

JesslynV Valentina and Anggit Triadiana, Medical Faculty of Sebelas Maret University, Indonesia

Title: Echocardiographic assessment of left ventricular filling pressures using data from invasive left ventricular filling pressures in patients with normal left ventricular ejection fraction

Jinchuan Yan, Affiliated Hospital of Jiangsu University, China

E-Poster Presentations

Title: Vaccine against *S. pyogenes*

Luiza Guilherme, University of Sao Paulo, Brazil

Title: Asymmetrical dimethylarginine in uncontrolled arterial hypertension

Dinara Natkina, Sechenov University, Russia

Tentative Program

CWC
2019

Speaker Slots Available

Looking forward to join you in

CWC-2019
